

Describe Your Favourite Place

Writing Lesson, Examples & Practice Questions

How to Describe Your Favourite Place in English

In this lesson, you will learn how to write a short description of your favourite place. A favourite place is somewhere you love to go. It can be a park, a café, a beach, a room in your home, or any place that makes you happy.

We write descriptions of places in postcards, messages to friends, class assignments, and travel journals. This is a very common and useful writing task in everyday life.

At the end of this lesson, you will be able to write 5–8 simple sentences about a place you love.

Essential Writing Rules and Sentence Structure

Rule 1: Use the Correct Word Order

In English, we follow this basic pattern:

Subject + Verb + Object / Description

- **Subject** = who or what the sentence is about (I, It, The park)
- **Verb** = the action or state (is, like, have, go)
- **Object / Description** = more information (very big, a lake, beautiful flowers)

Examples:

- I / like / the park. → **I like the park.**
- It / is / very quiet. → **It is very quiet.**
- The café / has / big windows. → **The café has big windows.**

Rule 2: Always Use a Capital Letter at the Start of a Sentence

Every new sentence must start with a capital letter.

- ✗ the park is near my house.
- ✓ **The park is near my house.**

Rule 3: Always End a Sentence with a Full Stop

Every sentence must end with a full stop (.).

- ✗ I love the beach
- ✓ **I love the beach.**

Rule 4: Capitalise Names, 'I', and Special Nouns

Always use a capital letter for:

- The word **I** → I like it.
- Names of places → **London, Hyde Park, the River Thames**
- Names of people → **Maria, Tom**
- Days and months → **Monday, January**

Rule 5: Use Commas in Lists

When you write a list of three or more things, use a comma between each item.

- **The park has trees, flowers, and a lake.**
- **It is quiet, clean, and beautiful.**

Useful Linking Words (Connectors)

Connectors join your sentences together and make your writing easier to read. At A1 level, use these four key connectors:

Connector	Function / Use	Example Sentence
and	Adds more information	The park is big and it is very green.
but	Shows a contrast or difference	I love the café but it is very small.
because	Gives a reason	I like the beach because it is calm.
so	Shows a result	It is near my home so I go every day.

Answer Key & Explanations

Describe Your Favourite Place | A1

Part 1: Multiple Choice

1. **B** Correct Answer: The park is big and beautiful.
✓ Explanation: A correct English sentence follows **Subject + Verb + Adjective** order. *The park is big and beautiful.* starts with the subject **The park**, then the verb **is**, then the adjectives.
2. **B** Correct Answer: My favourite place is the beach.
✓ Explanation: In English, only the **first word** of a sentence and proper nouns need a capital letter. *My favourite place is the beach.* correctly capitalizes only the first word **My**.
3. **C** Correct Answer: I love the park.
✓ Explanation: A statement sentence must end with a **full stop (.)**. A **question mark (?)** is only used for questions. *I love the park.* is a statement, so it needs a full stop.
4. **C** Correct Answer: because
✓ Explanation: We use **because** to give a reason. *I like the garden because it is quiet.* The word **because** explains why the speaker likes the garden.
5. **B** Correct Answer: The beach is sunny, and it is warm.
✓ Explanation: We use **and** to join two complete ideas. A **comma** before **and** is correct when joining two full sentences. *The beach is sunny, and it is warm.*
6. **B** Correct Answer: I go there every saturday.
✓ Explanation: Days of the week always need a **capital letter** in English. **Saturday** must be written with a capital **S**. The correct sentence is *I go there every Saturday.*
7. **B** Correct Answer: The library is very quiet.
✓ Explanation: The correct order is **Subject + Verb + Adverb + Adjective**. *The library is very quiet.* follows this pattern: **The library** (subject), **is** (verb), **very quiet** (description).
8. **A** Correct Answer: The park is big but I like it.
✓ Explanation: We use **but** to connect two ideas that contrast or are surprising together. *The park is big but I like it.* uses **but** correctly between two complete ideas.
9. **B** Correct Answer: I like the beach because it is warm.
✓ Explanation: The sentence starts with a **capital letter**, the word **I** is always capitalized, the word order is correct, and it ends with a **full stop**. *I like the beach because it is warm.* is fully correct.
10. **A** Correct Answer: The garden is beautiful, so I go there every day.
✓ Explanation: We use **so** to show a result or consequence. *The garden is beautiful, so I go there every day.* means the beauty of the garden is the reason the speaker visits it.

Part 2: Fill in the Gap

11. **A** **Correct Answer: because**
✓ **Explanation:** We use **because** to give a reason. *I love the park because it is peaceful.* It explains *why* the park is a favourite place.

✓ **Explanation:** We use **but** to show a contrast — two opposite ideas. *Nice in summer, but cold in winter* — these are opposite facts about the park.
16. **A** **Correct Answer: and**
✓ **Explanation:** We use **and** to join two days together. *Saturday and Sunday* — both days are included. Note: day names start with a capital letter.
17. **A** **Correct Answer: and**
✓ **Explanation:** We use **and** to connect two positive adjectives. *Clean and comfortable* — both describe the place in a positive way.
18. **A** **Correct Answer: because**
✓ **Explanation:** We use **because** to give the reason for liking the garden. *I like it because I can sit in the sun* — this explains the feeling.
19. **A** **Correct Answer: and**
✓ **Explanation:** We use **and** to add extra information about the park. *It is big, and there is a café* — two facts about the same place.
20. **A** **Correct Answer: or**
✓ **Explanation:** We use **or** to offer a choice between two activities. *Walk or sit* — you can choose one option. *You can walk or sit near the lake.*

28. **very** Correct Answer: **very**
 ✓ **Explanation:** We use **very** before an adjective to make it stronger. *The park is very big.* is the same structure.
29. **I** Correct Answer: **I**
 ✓ **Explanation:** The personal pronoun **I** is always written as a capital letter. It is the subject of the sentence, as in *I like the park*.
30. **quiet** Correct Answer: **quiet**

Together, they create a *clear and complete short paragraph* about your favourite place.

Part 5: Sort the Values

41. Correct Answer: My favourite place is the park.

✓ **Explanation:** In a simple **Subject + Verb + Object** sentence, the subject *My favourite place* comes first, followed by the verb **is**, and then the noun phrase *the park*. The sentence ends with a **full stop**.

42. Correct Answer: I go to the park every weekend.

✓ **Explanation:** The word order is **Subject + Verb + Place + Time**. The subject *I* comes first, then the verb **go**, the place phrase *to the park*, and the time phrase *every weekend* comes at the end.

43. Correct Answer: The park is very big and beautiful.

✓ **Explanation:** Adjectives follow the verb **is** in a **Subject + Verb + Adjective** structure. The linking word **and** connects two adjectives: *big* and *beautiful*.

44. Correct Answer: I like this place because it is quiet.

✓ **Explanation:** The linking word **because** connects two simple clauses. The first clause is *I like this place* and the second clause gives a reason: *it is quiet*.

45. Correct Answer: There are many trees in the park.

✓ **Explanation:** We use **There are** to describe things that exist in a place. The structure is **There are + noun phrase + place phrase**: *many trees* + *in the park*.

46. Correct Answer: My friends and I play there on Saturdays.

✓ **Explanation:** The subject is *My friends and I*. Note that **I** always has a capital letter. The structure is **Subject + Verb + Place + Time**, ending with the time phrase *on Saturdays*.

47. Correct Answer: It is near my house so I walk there.

✓ **Explanation:** The linking word **so** connects two clauses to show a result. The first clause *It is near my house* gives a reason, and *I walk there* shows the result.

48. Correct Answer: The park has a small café and a lake.

✓ **Explanation:** The structure is **Subject + Verb + Object**. The verb **has** is used to describe what a place contains. The linking word **and** joins two noun phrases: *a small café* and *a lake*.

✅ **Explanation:** This sentence uses **when** to connect two clauses. The first clause *I feel happy* uses the structure **Subject + Verb + Adjective**. The second clause *I am there* describes the situation.

50. Correct Answer: It is not noisy but it is always clean.

✅ **Explanation:** The linking word **but** connects two contrasting ideas. *It is not noisy* uses **not** to make a negative statement, and *it is always clean* uses the adverb **always** before the adjective.
